Q16-21. Sustainability will be an important part of the Airport Futures project. We define sustainability as: "meeting the Region's air transportation needs, without compromising the quality-of-life for future generations." Using a scale of 1 to 5, where 5 means "favor" and 1 means "oppose," please indicate how much you favor or oppose the following options: The first is...

Require Port fleet vehicles, taxis, and rental cars operating out of the Airport to be hybrids, high gas mileage, or use alternative fuel by 2020.

Q16-21. Sustainability will be an important part of the Airport Futures project. We define sustainability as: "meeting the Region's air transportation needs, without compromising the quality-of-life for future generations." Using a scale of 1 to 5, where 5 means "favor" and 1 means "oppose," please indicate how much you favor or oppose the following options: The first is... (Continued)

Pay an airport surcharge to fly at peak times of the day, such as early morning and late afternoon, in order to reduce congestions in - and around - the airport.

Q26-27. How willing or unwilling would you be to accept the following trade-offs in order to reduce community and neighborhood impacts, using a 1 to 5 scale, where one means "not at all willing" and 5 means "very willing." The first is...

Decrease my use of next day delivery service in order to reduce cargo flights over the neighborhoods and delivery trucks around the airport.
